## Steampunk

An excellent choice for daring troublemakers who have a taste for a mix of leather, metal and lace. Make way for industrial dandies, vintage suits and vests, corsets and petticoats, decorated top hats, vintage aviator & welder glasses, decorations and medals, braces and belt, and – of course – cybernetic costumes with metal gears, leather and metallic accessories and mechanical limbs. Go STEAMPUNK!

\*The residents of Esplanade street between Van Horne and Saint-Joseph are invited to take part in this thematic parade block. If you don't live on Esplanade, but are interested in the Steampunk theme, you are welcome to join the party!

## Walking museum

This parade block is an exhilarating challenge for Art History lovers. We would like for you to represent a work of art – for example, a painting by your favourite painter. You could just as well be inside a painting frame and walk about as an art piece. You could also transform yourself into a Greek statue or a sculpture of your choice. The possibilities are endless for those who are up for the creative task. Go ART!

\*The residents of Waverly street between Van Horne and Fairmount are invited to take part in this thematic parade block. If you don't live on Waverly, but are interested in the Walking museum theme, you are welcome to join the party!

This particular theme allows you to dive into your wildest dreams and embody a mythological, fantastical or grotesque creature. We welcome all unicorns, dragons, centaurs, griffins, satyrs and other mythical creatures; we welcome dinos, folkloric creatures and legendary animals. You can also invent your own animal by making a mash-up of already existing ones. All is possible, even the impossible. Go IMAGINARY ANIMALS!

\* The residents of Saint-Dominique street between Bernard and Laurier are invited to take part in this thematic parade block. If you don't live on Saint-Dominique, but are interested in the Imaginary animals theme, you are welcome to join the party!
